DOORS AND WINDOWS

Let 1st FSD unlock your home's potential with the Origin Residential Door range – where security and aesthetics are innovatively combined. Manufactured with a high-grade aluminium, and available in a vast range of striking panels, designs and styles, you can create your desired look with ease... Because first impressions matter.

Bespoke to you... your door, your way

At 1st FSD, we understand that no two doors are the same, which is why we are delighted to be suppliers of Origin's comprehensive range of low-maintenance, highly insulated and secure residential doors. Stunningly designed, they are available in a variety of styles, features, colours, accessories and finishes to suit all tastes. From the sizing and colours, through to the panel style and hardware choices, you're in control.

From single doors and French doors that can be used in a home or garage, through to grand entranceways with side flags and/or transom windows, together with Origin, we've got it covered.

Inspired by colour... set the tone of your home

Whatever your colour preference, with over 150 different RAL shades to choose from, you can be sure to find one that suits your taste – no matter how subtle or outrageous it may be. Additionally, we offer a dual colour option. This is offered on both the frame as well as the panel, so this means that the exterior colour(s) can complement the building style, while the interior can blend in or contrast with your internal colour scheme. Many of our RAL colours also come with the option of a matt, satin or gloss finish, giving you plenty of choice to make a great first impression.

Panel choices...

Make a statement

From modern to traditional, there's a panel for every taste

External doors can make a huge impact on the kerb-appeal of a home – and with 35 innovative and classically-stylish panel choices to choose from, we can help you design a perfect statement door that complements your existing architecture and reflects your individual style.

The panel is manufactured with a highly efficient Thermimax core, and is finished with aluminium inner and outer layers, so you can be assured of optimum thermal and security performance.

Contemporary - Sleek designs with a contemporary twist

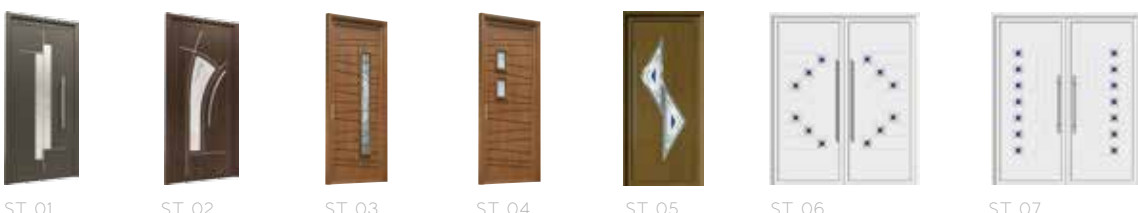

Traditional - A modern take on traditional style

Geometric - Striking designs with geometric patterns

Statement - Bold panels for statement exteriors

Seamless - Simplicity and style seamlessly combined

Mid-rail option

Helping further broaden your design possibilities, we offer the option of having a mid-rail pre-installed. Elegantly executed, the mid-rail is fixed horizontally, and is available in two options – one being a 60:40 split, and the other a 50:50 split. Perfect for porches, they can either accommodate glass on the top and bottom, or a panel can be installed in the bottom section for additional privacy.

Accentuate your architecture...

At 1st FSD, we believe that it's the little things that count

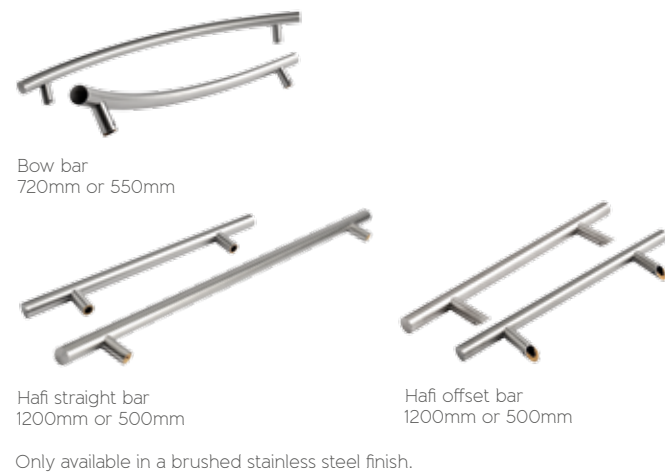

While functionality and security come as standard with every Origin product, the finer details are never overlooked. In fact, it's the nuances and attention to detail that set them apart. From premium quality handles and door pulls, to unique door-knockers, spyholes and letterboxes – together we offer an exclusive suite of hardware components to perfectly complement your door, adding interest and accentuating your chosen architectural style.

Getting a handle on things...

Strength, safety and security

An inspiration in both design and function, the Origin Residential Door utilises high-quality materials to offer architectural flexibility, unsurpassed craftsmanship and extreme durability.

As few things are more important than safety in your home, the Origin Residential Door has been designed with this in mind but doesn't compromise on kerb-appeal.

All doors are equipped with a multipoint locking system, 3-Star British Kite Marked barrel, and 4 security hinges for unsurpassed security. Plus they boast finger safe gaskets, as well as sophisticated threshold options, which minimise boundaries, making them ideal for wheelchair use. And because of the stringent quality control Origin has over all elements, it means that stress, worry and concern are replaced with complete peace of mind.
